We are happy to announce that we have begun manufacturing Express Meal and Oil. Some Express Meal and Oil benefits that you should know are:

- Produced without the use of chemicals
- Your products can be labeled HEXANE FREE
- Produced with LOCALLY sourced commodities
- Produced LOCALLY with a local workforce
- Products contain NO ADDITIVES
- Products are produced using a mechanical process: no Hexane or chemicals used
- Express Meal has added value of 6% to 7% more fat to help reduce other feed ingredient costs
- Express Meal has up to 6% to 7% less moisture than conventional soybean meal: you are buying more product, less water
- Express Meal is 3 points higher in digestibility
- Express Meal has higher bypass for dairy 50% to 65%
- Express Meal and Oil are consistent products
- Both products are LOCAL and immediately available
- Consumers have a preference for meat, milk, and eggs produced from feeding hexane-free, extruded soymeal
- Transparency about how the products are produced using no chemicals
- Your products can be positioned in-line with trends of food processed without chemicals

We are excited to provide such quality products in this area. Our customers that have used the products are very pleased with the advantages that using our products give them. We would welcome the opportunity to speak with you about using the Express Meal and oil in your operation. We are confident that you will see the benefits once you try them.

We look forward to hearing from you. Please feel free to call Jason at 330-205-1535 at your convenience, or our email address is: whiteleathergrain@yahoo.com. We would be happy to answer any questions that you might have. We look forward to working with you.
